

PULCINELLA

TYPE:

PROJECT NAME:

design Giordana Arcesilai 2009

Un raffinato segnapasso da installare a parete che nella sua morbida forma incorpora la tecnologia led, completa del suo alimentatore. Pensato per le situazioni in cui non è possibile l'incasso (scale, passaggi, camminamenti): nasce spontaneo dalla parete. La sua forma morbida si ispira al classicismo di una cornice, di un capitello.. ed è disponibile in diversi colori, neutri per scomparire, ricercati per "apparire".

Materiale: fusione d'alluminio anticorrosione, alluminio naturale, bronzo. LED bianco, alimentatore incorporato. IP65

A fine steps' sign to be mounted on the wall, that includes in its soft form the led technology, with its own transformer. Designed to be used where it is not possible to mount lamps (stairs, gangways, passages): it borns spontaneous from the wall. Its soft form takes inspiration from the classicism of a frame, of a capital and it is available in several colours: neutral to disappear, refined to "appear".

Material: aluminium die-casted anti-corrosion, natural aluminium or bronze; white LED driver included. IP65

SPECIFICATION SHEET

Installation Note: Mounts to a 2" x 3" horizontal mounted junction box

LED 1W 350mA (105lm) driver included
